A bit of history
We originate from two Business-To-Business organizations, PH&tT SpA and NTC Srl, both with Headquarters in Milan, Italy.

In 2015 both companies have been acquired by an Italian investment fund, Wise SGR, and were merged into NTC Srl in Jan 2016.

Our portfolio of products is made of drugs, nutraceuticals and medical devices. We are now investing significantly in development and our pipeline is getting richer in particular areas like ophthalmology, gastro-metabolism, pediatrics and pharmacy.

We are looking forward to accelerate our growth also through the acquisitions of products, technologies and companies.
WHO WE ARE

• We are the result of the merger of two Italian B2B organizations with more than 20 years of tenure each

• We act globally, with sales in more than 100 countries, and to above 200 commercial partners

• We belong to a private Italian equity fund, Wise Sgr

• We have a strong financial support to implement a first in class development program in ophthalmic, pediatry and gastro-metabolism areas

• We are in process to expand and buy companies, products, technologies

• As per our corporate brand, we focus on Novelties, Technologies and we Care of our partners, customers, patients and of our people
Our Organization
WE IS BETTER THAN ME

- **Management** with vast experience and strong success stories in large multinationals like Novartis, Alcon, Pfizer, Bausch+Lomb, Gilead, Walt Disney, IQVIA, Borsa Italiana. We hold a significant experience in VC and PE M&A, and capabilities to integrate new organizations smoothly.

- **Smart Scientific Operations Team**: we are devoted to conceptualize new projects and to manage project development, leveraging large KOL network/consultants.

- **Experienced Regulatory Team**: we hold a large international experience in drugs, medical devices and nutraceuticals.

- **Skilled CMO Group**: we have a group of people dedicated to interact with CMOs and auditors.

- **Strong Market Reach**: BD&L professionals (internal and partners) on the field, every all the world.

- **Kind and professional Customer Service**: NTC4YOU is our platform and philosophy.

- **Total Quality** is a program of activities or processes, products and IT embedded in our company.
WHAT WE DO

- NTC supplies products in line with high quality standards.
- We develop products from our own initiative and upon request.
- We are quick: we know where to manufacture, we register and we sell.
- We have strong regulatory skills about drugs, medical devices and nutraceuticals.
- We supply through sourcing from CMOs.
- About 70% of our sales are in EMEA. We sell also in Asia, Australia, Africa, Middle East and Canada.
- We are selectively expanding to the Americas.
- We sell directly with our own Field Force to ophthalmology in Italy and Spain.
